The People's war!

Because, only the people can combat drug abuse.

Grandpa Hardcase of the Bodacious Bodacions says!

What YOU do, to your body today.
Your body will do, to YOU tomorrow!

Grandpa Hardcase Wants parents to understand

**Alcohol, smoking, and other drug abuse, is a primary factor to the cost of short and long term healthcare.
Reduce the use and abuse, reduce the cost.**

Grandpa Hardcase

Considering the fact that drug abuse negatively impacts our lives in so many ways, from the individual person and the immediate family members, to the economy losing well over 2 billion dollars a day impacting numerous elements such as: short and long term health care cost, education, law enforcement, court cost, cost of incarceration, reduced productivity, and many other areas,

I'd sure hope more people would use the new resources developed for parents to teach their children well about drugs and drug abuse. The Family Insight Drug Abuse Prevention Workshop is the best tool for the job. It's free to download at "preventingdrugabuse.com".

Grandpa Hardcase says

Hey Kids!

**Just because Tobacco and Alcohol is sold to adults,
does not make them a good thing at all!**

**More people die each year in America from these 2 items alone,
then have been killed in all the wars Americans have fought in.**
